

# ALLDOG LTD

First and foremost we love dogs – and it is because of our passion for these wonderful creatures that we started our company just over a year ago. We began by caring for the furry friends of acquaintances and family members who were away on holiday or busy at work during the day. We loved this part of our lives so much that we decided to do it full time. We love all dogs – thus the name **ALLDOG**.

## Concept

Owners should enjoy a care-free and guilt-free time away from their dogs. We care for treasured 'clients' in a private home and provide constant attention and affection. Socialization skills are improved with people and with other dogs. Their home away from home includes a large gated outside garden, a spacious inside lounge (with loads of dog beds and toys) and an open kitchen for dining. Optimal exercise is guaranteed as our specially fitted van shuttles walkers to and from parks.

## Mission

Our mission is to create a safe, healthy and happy environment for dogs. Whether its for a day, a week or only a walk, we provide a place where you know your dog will receive love and attention.

## Services

At **ALLDOG** our philosophy is to provide friendly and flexible services to keep your dog happy. Our services include **Walks, Day-care, Grooming** and over-nights at the **ALLDOG Hotel**. We can create bespoke programmes that include fitness and nutrition as health and nutrition are essential to a dog's well being. And when it comes to grooming and beauty, we have a selection of all-natural and organic products that we use and highly recommend.

## Dinny & Leila

Proprietors **Dinny Konig** and **Leila Azar** both come from a lifelong passion for dogs. **Dinny** grew up in a biodynamic (organic) community incorporating homeopathy and natural choices for human beings and animals. **Leila** has had Rodesian Ridgebacks ever since she was born and has a degree in fashion design. Together they have clocked up thousands of hours with dogs where they have had the chance to experience a range of dog behaviours. **Dinny** and **Leila** make a brilliant team in creating a wonderful environment for dogs conducive towards their health, physique and overall happiness.

## Alliances

**ALLDOG** has a referral network of veterinarians, breeders, trainers, travel experts and holistic health experts. We also act as a distributor and showcase selected great products and accessories from around the world.

## Newcomers

We like to meet our new furry friends before we make initial bookings. It is important that all our canines feel comfortable in our environment and can play nicely with the other dogs. Unruly dogs can teach good dogs naughty tricks. Additionally, all dogs must be up to date with all their vaccinations.

**ALLDOG** is a limited company. We are also certified and insured.
