

# ALLDOG LTD

## CHARITY

**ALLDOG** is proud to announce that we have chosen **Pets as Therapy** as our charity of choice. We love dogs - but even more we love dogs that help people.

There is a very long waiting list of unfortunate people in homes, hospices and hospitals who would love nothing more than to have a lick or sniff from your dog.

For 21 years **Pets As Therapy** have been very quietly making a huge impact accross the community as thier volun-teers visit Hospitals, Hospices, Residential Nursing Homes, Day Care Centres, Special Needs Schools, etc. bringing their dogs' care and its special life-enhancing benefits to everyone they visit.

**Pets As Therapy** is unique among charities registered in England with the Charities Commission because its Trustees alone have the power to organize "the relief of sickness, suffering and distress" by establishing therapeutic relation-ships between people of all ages and companion animals.

Please help us as we bring awareness to **Pets As Therapy** and recruit many new dogs to this wonderful organization.

Telephone 0207 736 7806
